## Washington State Electrical Contractor License Number FENCEI\*908KM

Dear Customer:

We are writing this letter to let you know that you are being quoted an Automatic Gate by Fenceco Inc. We are Licensed, Bonded and Insured Electrical and General Contractors. We hold both licenses which enable us to perform this work. Many companies will quote you an Automatic Gate and “bootleg” in the electrical portion without getting a permit. Meanwhile many installations get put through like this, if happen to be one of the many that gets caught by the unprecedented number of Code Enforcement Officials then you will get your entire project and possibly your home “red tagged” for full Electrical Inspection. This is an expensive way to go for an inexpensive permit.

We have literally thousands of hours of experience in Electrical work and installations. This translates into excellent work, excellent craftsmanship and excellent attention to the detail it takes to make a Security System function properly.

From Gate Operators, Security Systems to CCTV Cameras you can count on us to get it installed right!

Thanks for requesting a quote from us. Please review our references and check us out on the Better Business Bureau. Make sure you know the Contractor you are hiring is qualified and Licensed.

Respectfully,

The Sales and Management Team at Fenceco Inc.
